MEMORANDUM FOR: [REDACTED]

25X1

Chief, ACIS

FROM

: Hans Heymann, Jr.
National Intelligence Officer at Large

SUBJECT: : Nunn-Jackson Proposals/Confidence Building Measures

This is to let you know of the continuing interest that [REDACTED] and I have in the subject. For example, we are now reviewing a proposal for an external (SPC) study of changing Soviet attitudes toward nuclear proliferation that includes a section devoted to likely Soviet views on, and interests in, crisis control centers. Also, in this connection, [REDACTED] participated in discussions last week with [REDACTED] who is preparing a short-fuse study for OSD on this and other crisis control options. We are likely to be consulting with [REDACTED] again, and we also will be exploring with State the status and prospects for the planned Soviet-US preliminary discussions, at least insofar as they relate to nuclear proliferation/safeguards issues.
